• Also get a lumpsum amount at the end of the policy term

### Survival Benefit

Guaranteed Payout/s as 102.25% of one Annualised premium will be paid at the beginning of policy year for number of years as shown in table above. You will have an option to use this survival benefit to adjust against your renewal premium in the policy. To ensure premium offset, the frequency and timing of the Guaranteed Payouts will be same as that of the premium payment mode in the policy.

### **Maturity Benefit**

If the policy is in-force and all due premiums are paid up to date, you will receive a lumpsum amount on maturity equal to:

- Guaranteed Maturity Benefit (GMB) plus,
- Accrued Simple Reversionary Bonus (if declared),
- plus Terminal Bonus (if declared)

where Sum assured on maturity is equal to GMB

### Death Benefit

If the policy is in-force as on the date of death, all due premiums are paid up to date of death of the Life Assured during the policy term, the death benefit will be paid in lumpsum as:

- Sum Assured on Death, plus
- Accrued simple reversionary bonus (if declared), plus
- Terminal Bonus (if declared)

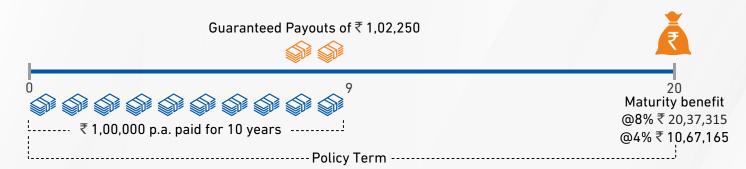

Where Sum assured on death is the Sum Assured. The Death Benefit will not be less than the Guaranteed Death Benefit or the surrender value available then, whichever is higher.

#### Please note:

- Annualized Premium shall be the premium amount payable in a year by the policyholder excluding the taxes, rider premiums, underwriting extra premiums and loadings for modal premiums, if any.
- Total Premiums means total of all premiums paid under the policy, excluding any extra premium and taxes, if collected explicitly
- o Guaranteed Death Benefit shall be 105% of the Total Premiums Paid
- Guaranteed Maturity Benefit will be GMB factor multiplied by Annualised premium

The female lives will get 1% higher GMB.

The policyholder will have the option to select the Sum Assured multiple at inception of the policy.

The product will be available for sale through online mode also.

### What will you get on surrendering your policy?

We advise you to continue your policy and enjoy the benefits of your policy. However, we understand that in certain circumstances you may want to surrender your policy.

- The surrender value payable will be the higher of the guaranteed surrender value (GSV) or the special surrender value (SSV).
- The policy will acquire a GSV provided two (2) full years' premiums have been paid. SSV shall become payable after completion of first (1st) policy year provided at least one (1) full years' premium has been received.
- The SSV factors are not guaranteed, and company will review these factors from time to time,
- The policy will terminate on the date of surrender.

### What happens if you stop paying your premiums?

We recommend you to pay your premiums regularly for the chosen premium payment term and enjoy all the benefits of your policy. However, at any stage if you stop paying premiums the following shall be applicable:

- **If you have not paid one (1) full years' premium**, then, your policy will immediately and automatically lapse at the expiry of the grace period and no benefit will be payable under the policy.
- A policy which has acquired surrender value shall not lapse by reason of the non-payment of future premiums, instead the policy will be, immediately & automatically, converted to a paid-up policy at the expiry of the grace period.
  - i) The paid-up sum assured, paid-up guaranteed maturity benefit, paid up Guaranteed Payout, paid-up sum assured on maturity, paid-up death benefit and the paid-up sum assured on death are obtained by multiplying the sum assured, guaranteed maturity benefit, Guaranteed Payout, sum assured on maturity and the sum assured on death, respectively, by a factor equal to the proportion of the number of premiums paid to the total number of premiums payable under the policy. The paid-up guaranteed death benefit is equal to 105% of the Total Premiums received up to the date of paid-up.
  - ii) A paid-up policy will not be eligible for any future simple reversionary bonus. However, the reduced paid-up policy will be eligible for Terminal Bonus, if any declared.
  - iii) The sum assured, sum assured on death, guaranteed death benefit, death benefit, Guaranteed Payout and sum assured on maturity will be replaced by the paid-up sum assured, paid-up sum assured on death, paid-up guaranteed death benefit, paid-up Guaranteed Payout and paid-up sum assured on maturity, respectively.
  - iv) You may revive a lapsed policy/paid-up policy subject to the conditions mentioned in the revival section.

### **Revival of the Plan**

You can revive your lapsed or paid-up policy, subject to the following conditions;

- i) The application for revival is made within five (5) years from the due date of the first unpaid premium, before the maturity date.
- ii) The arrears of premiums together with interest, at such rate as the company may decide from time to time along with applicable taxes are paid. The current applicable revival interest is 10% p.a. compounded half- yearly.
- iii) On revival, you are entitled to receive all contractual benefits.

Note: The revival interest rate will be benchmarked to the G-Sec based on the information from Financial Benchmark India Private Ltd (FBIL). It will be equal to [10-year G-Sec yield PLUS 2%] rounded-up to the next full interest rate. The revival interest rate will be reviewed on an annual basis at the beginning of each financial year. Any change in bases used for determination of applicable interest rate will be subject to prior approval of IRDAI.

### Additional Benefit under the Plan

### Additional benefits through Riders:

You can enhance your protection during the policy term by choosing the additional rider benefits at a nominal extra cost. The riders available under Bajaj Allianz Life ACE Advantage are:

- 1. Bajaj Allianz Accidental Death Benefit Rider(UIN:116B034V02)
- 2. Bajaj Allianz Accidental Permanent Total/Partial Disability Benefit Rider(UIN:116B036V02)
- 3. Bajaj Allianz Life Family Protect Rider (UIN: 116B056V01)

Please refer to respective rider sales literature or visit Company website or consult your "Insurance Consultant" for more details and eligibility conditions.

### Alteration of premium and income frequency

You will have the option to change the premium payment frequency or Income frequency at any policy anniversary.

• frequency factor:

Yearly	Half-yearly	Quarterly	Monthly		
1.0000	0.5084	0.2564	0.0859		

The quarterly and monthly premium payment mode will be allowed only under auto-debit process (as per the approved RBI facilities)

Instalment Guaranteed Payout = frequency factor X annual Guaranteed Payout

### **Option to take Maturity Benefit in Installments**

- The policyholder will have an option to take Maturity Benefit in monthly or yearly instalments over a period of 5, 10, 15 or 20 years. This option can be chosen at any time before maturity.
- The interest rates applicable for arriving at these instalments for the chosen period shall be equal to the yields of the respective G-Sec yield less a spread of 25 basis points for instalments over a period of 5, 10, 15 and 20 years. The interest rate will be benchmarked to the G-Sec based on the information from Financial Benchmark India Private Ltd (FBIL).
- E.g., For instalment period of 5 years, 5-year G-Sec yield less a spread of 25 basis points will be applicable.
- The policyholder will have the option to request for a discontinuance of the instalments even after the instalments have commenced. The policyholder will be eligible to receive an amount equal to discounted value of the future instalments as on the date of such request (which would be discounted at the same interest rate used at the time of instalment calculation).

#### Tax Benefits under the Plan

As per applicable tax laws as amended from time to time. You are requested to consult your tax consultant and obtain independent advice for eligibility and before claiming any benefit under the policy.

### Taking a Policy Loan

Provided the policy has acquired surrender value, during the policy term, you will have the option to take policy loan, subject to a maximum limit of 80% of [the surrender value less TB on surrender (if any)] + 50% of TB on surrender (if any).

- Loan interest rate applicable for the loan will be as decided by the company from time-to-time. The current loan rate of interest is 10% p.a. compounding half-yearly.
- On death, surrender or maturity, the outstanding policy loan plus interest, as on the date of death/surrender/ maturity, will be deducted from the death/ surrender/ maturity benefit payable. Each survival benefit will be adjusted against the outstanding loan & interest.

Please refer to your policy document for further details.

Note: The loan interest rate will be benchmarked to the G-Sec based on the information from Financial Benchmark India Private Ltd (FBIL). It will be equal to [10-year G-Sec yield PLUS 2%] rounded-up to the next full interest rate. The loan interest rate will be reviewed on an annual basis. Any change in bases used for determination of applicable interest rate will be subject to prior approval of IRDAI.

### Termination

The risk cover of the Life Assured shall, immediately and automatically, terminate on the earliest occurrence of any of the following events:

- i) At the end of the Grace Period, if the Policy is lapsed
- ii) On the date of death of the Life Assured
- iii) At the end of Policy Term

The Policy shall, immediately and automatically, terminate on the earliest occurrence of any of the following events:

- i) On Free Look Cancellation
- ii) Payment of Surrender Value.
- iii) On the expiry of the Revival Period, for a lapsed Policy.
- iv) On foreclosure of the policy
- v) On the Maturity Date.
- vi) On payment of the Death Benefit in a lump-sum
- vii) On refund of eligible Regular Premiums/Surrender Value under suicide clause on suicide of the Life Assured.

### **Grace Period**

The Grace Period is thirty (30) days for frequencies other than monthly and fifteen (15) days for monthly frequency during which the Policy is considered to be in-force with the risk cover. On the occurrence of death during the Grace Period, the Death Benefit will be payable and the due but unpaid Premium/s upto the date of death will be deducted from the benefit payable.

### Free Look Period

The policyholder has a free look period of thirty (30) days from the date of receipt of Policy Document, to review the terms and conditions of the Policy and where the Policyholder disagrees to any of those terms & conditions, he has the option to return the Policy to the insurer for cancellation, stating the reasons for his objection, then he shall be entitled to a refund of all the premiums (excluding applicable taxes) paid, subject only to a deduction of a proportionate risk premium for the period of cover and the expenses incurred by the insurer on medical examination of the proposer and stamp duty charges The request for cancellation of the policy during free look period shall be processed and premium shall be refunded within 7 days of receipt of such request.

#### Exclusions

#### Suicide Claim provision:

In case of death of a life assured due to suicide within 12 months from the date of commencement of risk or the date of latest revival of the policy, whichever is later, then the nominee or beneficiary of the policyholder shall be entitled to receive, the higher of 80% of the Total Premiums paid till the date of death or the surrender value as on the date of death, provided the policy is in force and the policy will be terminated.

There are no other exclusions other than the suicide clause.

### Auto Vesting

#### How to read and understand this benefit illustration?

This benefit illustration is intented to show year-wise premiums payable and benefits under the policy, at two assumed rates of interest i.e., 8% p.a. and 4% p.a.

Some benefits are guaranteed and some benefits are variable with returns based on the future performance of your insurer carrying on life insurance business. If your policy offers guaranteed benefits then these will be clearly marked "guaranteed" in the illustration table on this page. If your policy offers variable benefits then the illustrations on this page will show two different rates of assumed future investment returns, of 8% p.a. and 4% p.a. These assumed rates of return are not guaranteed and they are not the upper or lower limits of what you might get back, as the value of your policy is dependent on a number of factors including future investment performance.
