## A quick guide to Bajaj Allianz Fund Performance

May 2019

With the incumbent government returning with a strong mandate in the general elections, we are likely to see continuity in reforms. With elections out of the way, we expect a gradual recovery in the capex cycle going forward, led by government expenditure and infrastructure spending. Also, the government may provide some impetus to help revive private capex, which has been languishing for a while.

LIFE GOALS. DONE.
