The deferment period for the above mentioned scenario is equal to 1 year. The Regular Guaranteed Payout factors for all combinations are available on website & policy document

## Maturity Benefit

On maturity, the regular guaranteed payouts expressed as a percentage of Annualized Premium will be paid over the chosen Income Period. Additionally, get back all premiums paid at the end of the Income Period. At any time, the policyholder will have an option to take these regular guaranteed payouts and the sum of all premiums paid as a lumpsum at a discounted rate.

Note- If this option of taking lumpsum is exercised at the time of maturity the interest rate applicable for calculating this shall be 8.5% p.a. whereas if this option is exercised post the start of income period, the interest rate applicable for calculating this shall be equal 30-year G-Sec Yield plus 1%. These interest rates will be reviewed on an annual basis. Any change in bases used for determination of applicable interest rate will be subject to prior approval of IRDAI.

The regular guaranteed payouts will continue to be paid to the nominee even if death of the life assured occurs (during the Income Period).

However, the nominee will have an option to receive the remaining regular guaranteed payouts plus sum of all Annualised premiums paid during the premium payment term as a lumpsum. The lumpsum amount shall be the present value of all outstanding future payouts at a discounted rate.

Note- The discount rate to arrive at present value of future installments will be benchmarked to the G-Sec based on the information from Financial Benchmark India Private Ltd (FBIL). The interest rate applicable for calculating the installments shall be equal to 30-year G-Sec plus 1%. The interest rate will be reviewed on an annual basis. Any change in bases used for determination of applicable interest rate will be subject to prior approval of IRDAI

### How this plan will help you in managing your future expenses-

Suresh is a 35-year-old IT professional. He has a small family which consists of his spouse and 2 years' old daughter. He wants a savings plan which will give him an assured income for long term even if he is not around to help manage future needs like child's education expenses and income for spouse.

He purchases Bajaj Allianz Life Assured Wealth Goal by paying Rs. 1 lakh p.a. with a goal of getting a guaranteed long term Assured Income.

PPT 8 years | PT 9 years | Income Period of 30 years | Deferment Period 1 year

Assuming Suresh dies during the Premium payment term, his nominee will receive the death benefit as follows -

Total Regular Income on Death	Sum of all premiums payable	Total Death Benefit
₹85,250 X 30 = ₹25,57,500 (@ Death Income factor of 85.25% X Annualised premium)	₹8,00,000 (Annualised Premium X PPT)	₹33,57,500

Note-

The above illustration is assuming the Life Assured is alive till the end of the policy term | For above illustration, the Sum Assured on Death<sup>#</sup> will be ₹11,16,006 | The premiums mentioned above are exclusive of any extra premium loading and Goods & Service Tax/any other applicable tax levied, subject to changes in tax laws.

## Death Benefit

On the death of the Life Assured during the Policy Term, the nominee shall receive

- A regular income starting immediately from the date of death that is payable for a period equal to the Income Period chosen by the Policyholder.
- At the end of Income Period a lump sum amount equal to sum of all premiums payable during the premium payment term shall be paid.

The total death benefit payable will be Sum Assured on Death which is higher of (Sum Assured or 10 times of Annualised Premium\* or Amount equal to sum of (a) and (b) as explained above) At no time the total death benefit will be less than Guaranteed Death Benefit of 105% of the Total Premiums\* received by the company up to the date of death or the surrender value available then, whichever is higher.

At any time, the nominee will have an option to receive the Death Benefit as a lumpsum. The lumpsum amount shall be the present value of all outstanding future death income payouts including sum of all premiums payable at a discounted rate or 10 times of premium, whichever is higher.

Note- If this option of taking lumpsum on death is exercised at the time of death intimation the interest rate applicable for calculating this shall be 8% p.a. whereas if this option is exercised post the start of death income payouts, the interest rate applicable for calculating this shall be equal 30-year G-Sec Yield plus 1%. This interest rate will be reviewed on an annual basis. Any change in bases used for determination of applicable interest rate will be subject to prior approval of IRDAI.

**Note (for variant 6) -**

- Annualized Premium is the total amount of premiums payable in a year excluding rider premiums, underwriting extra premiums and GST & /any other applicable tax levied, subject to changes in tax laws.
- Total Premium is total of all the premiums received, exclusive of extra premium, rider premium and GST & /any other applicable tax levied, subject to changes in tax laws.
- Higher benefit will be given to customers paying higher premiums, to existing customers and to customers opting for auto pay/auto debit
- Regular income on death is Annualised Premium x Applicable Death Income factor
- Sum Assured will be 10 times of Annualised premium
- The discount rate of 8.5% p.a. is non-guaranteed. Any change in bases used for determination of applicable interest rate will be subject to prior approval of IRDAI.

## Surrender Benefit under the plan

- We advise you to continue your policy and enjoy the benefits of your policy. However, we understand that in certain circumstances you may want to surrender your policy
- You can surrender the policy at any time during the policy term
  - a) under a single premium policy and,
  - b) provided at least first full Policy years' regular premium have been paid in a limited/regular premium policy.
- The surrender value payable will be the higher of the guaranteed surrender value (GSV) or the special surrender value (SSV).
- Under limited/ regular pay, the Policy will acquire a Surrender Value (i.e. Special Surrender Value SSV) after completion of first policy year provided one full' year premium has been received. The policy will acquire a Guaranteed Surrender Value provided two (2) full years' premiums have been paid.
- For details on Special Surrender Value, kindly refer the policy document on the Company Website.
- GSV factors are guaranteed throughout the Policy Term. The SSV factors mentioned above are not guaranteed, will be reviewed by the company annually
- The policy will terminate on the date of surrender.

## Non Payment of Premium (under Limited/ Regular Pay)

**If you have not paid at least one (1) full years' premium**, Then, your policy will immediately and automatically lapse at the expiry of the grace period and no benefit will be payable under the policy.

**If you have paid at least one (1) full years' premium, and subsequent premiums have not been paid**, then policy the shall not lapse by reason of the non-payment of future premiums, instead the policy will be, immediately & automatically, converted to a paid-up policy at the expiry of the grace period

- The paid-up sum assured, the paid-up sum assured on death, paid-up guaranteed maturity benefit, paid-up sum assured on maturity, paid-up Income Instalment, paid-up death benefit instalment and paid-up ROP on death is obtained by multiplying the sum assured, sum assured on death, guaranteed maturity benefit, sum assured on maturity, Income Instalment, death benefit instalment and ROP on death, respectively, by a factor equal to the proportion of the number of premiums paid to the total number of premiums payable under the policy.
- The Total Premiums paid\* till date in the policy will be ROP benefit under a paid-up policy (if ROP is chosen in the policy).
- Paid-up Guaranteed Death Benefit is 105% of the Total Premiums paid\* till date of paid-up.
- The paid-up benefit structure for each variant will be the same as the in-force benefits, but, the sum assured, sum assured on death, GMB, sum assured on maturity, Income Installment, death benefit instalment and ROP on death will be replaced by the paid-up sum assured, paid-up sum assured on death, paid-up GMB, paid-up sum assured on maturity, paid-up Income Installment, paid-up death benefit instalment and paid-up ROP on death, respectively.
- You may revive your paid-up policy during the revival period of five (5) years from the due date of first unpaid premium, subject to the revival conditions under the policy.

*Note: The present value would be at an interest rate benchmarked to the G-Sec based on the information from Financial Benchmark India Private Ltd (FBIL). The interest rate will be equal to [30-year G-Sec yield PLUS 1% ] rounded-up to the higher full interest rate. The interest rate applicable will be reviewed on an annual basis. Any change in bases used for determination of applicable interest rate will be subject to prior approval of IRDAI.*

## Revival of the Plan

You can revive your lapsed or paid-up policy, subject to the following conditions;

- i) The application for revival is made within five (5) years from the due date of the first unpaid premium, before the Maturity Date.
- ii) The arrears of premiums together with interest, at such rate as the company may decide from time to time along with applicable taxes are paid. The current applicable revival interest is 10% p.a. compounded half-yearly.
- iii) On revival, you are entitled to receive all contractual benefits.
- iv) The revival of the policy may be on terms different from those applicable to the policy before it lapsed/became paid-up, based on prevailing board approved underwriting policy.

*Note: The revival interest rate will be benchmarked to the G-Sec based on the information from Financial Benchmark India Private Ltd (FBIL). It will be equal to [10-year G-Sec yield PLUS 2%] rounded-up to the next full interest rate. The revival interest rate will be reviewed on an annual basis. Any change in bases used for determination of applicable interest rate will be subject to prior approval of IRDAI.*

## Additional Benefit under the Plan

### ➤ Option to take Death Benefit Instalments in Lumpsum (under Variant 1 to 4)

The default option is Death benefit in monthly equated instalment. At any time, the policyholder or nominee (as applicable) will have the option to take the outstanding death benefit instalments in a lumpsum. The policyholder will be eligible to receive an amount equal to present value (PV) of the future installments as on the date of such request.

*Note - The interest rate to arrive at present value of future installments will be benchmarked to the G-Sec based on the information from Financial Benchmark India Private Ltd (FBIL). The interest rate applicable for calculating the installments shall be equal to 5-year G-Sec plus 25 basis points. The interest rate will be reviewed on an annual basis. Any change in bases used for determination of applicable interest rate will be subject to prior approval of IRDAI*

### ➤ Option to take Death Benefit in Instalments (under Variant 5):

At the time of intimation of death of the Life Assured (in a Single Life Policy or Joint Life Policy), the policyholder or the nominee, as applicable will have the option to take the Death Benefit in monthly or yearly installments (along with appropriate rate) over a period of five (5) years from the date of intimation of death. The first installment shall be due on the date of intimation of death.

*Note- The interest rate will be benchmarked to the G-Sec based on the information from Financial Benchmark India Private Ltd (FBIL). The interest rates applicable for calculating the installments shall be equal to the yields of 5 year G-Sec less a spread of 25 bps. The interest rate will be reviewed on an annual basis. Any change in bases used for determination of applicable interest rate will be subject to prior approval of IRDAI.*

### ➤ Option to avail Maturity Benefit in Instalments (under Variant 5):

Under Wealth Creation variant, you will have an option to take Maturity Benefit in monthly or yearly installments over a period of 5 years; which can be chosen at any time before the maturity date.

The policyholder will have the option, at any time after start of the instalments, to request for a discontinuance of the installments in the opted frequency, even after the installments have commenced. The policyholder will be eligible to receive an amount equal to discounted value of the future installments as on the date of such request (which would be discounted at the same interest rate used at the time of installment calculation). Any change in bases used for determination of applicable interest rate will be subject to prior approval of IRDAI.

*Note- The interest rate will be benchmarked to the G-Sec based on the information from Financial Benchmark India Private Ltd (FBIL). The interest rates applicable for calculating the installments shall be equal to the yields of the G-Sec less a spread of 25 bps. The interest rate will be reviewed on an annual basis. Any change in bases used for determination of applicable interest rate will be subject to prior approval of IRDAI.*

### ➤ Option to avail Income on date of your choice (under Variants 1 to 4 & 6)

You have an option to receive the regular guaranteed payouts at any special date of the year like birthday, wedding anniversary or any other date of your choice. The regular guaranteed payouts will be payable on policy anniversary if this option is not opted. The regular guaranteed payouts will be adjusted or provided in arrears depending upon the date selected which can be preponed by a maximum of 365 days within the Income Period. If this is opted, the last regular guaranteed payout will be paid before the maturity date.

The income payout will be discounted to the preponed date of income payout. The discount rate applicable shall be equal to 5-year G-Sec Yield p.a. plus a spread of 25 basis points subject to revision on an annual basis. Any change in bases used for determination of applicable interest rate will be subject to prior approval of IRDAI.

Note: The Sum of all premiums as applicable under Variant 1, 2 & 3, i.e., Return of Premium (ROP) will continue to be paid on the maturity date.

➤ **Option to take Death Benefit in annual instalments (under Variants 1 to 4)**

You will have an option to take the Death Benefit in yearly instalments. This option once opted cannot be changed subsequently.

➤ **Option to take Death Benefit in other than annual instalments (under Variants 6)**

You will have an option to take the regular income on death in monthly, quarterly and half-yearly mode also. This option once opted cannot be changed subsequently.

➤ **Riders:**

You can enjoy extra coverage during the policy term by choosing the optional additional rider benefits at a nominal extra cost. The riders available with all variants under Bajaj Allianz Life Assured Wealth Goal are:

1. Bajaj Allianz Accidental Death Benefit Rider (UIN: 116B034V02)
2. Bajaj Allianz Accidental Permanent Total/Partial Disability Benefit Rider (UIN:116B036V02)
3. Bajaj Allianz Life Family Protect Rider (UIN:1116B056V01)

Please refer to respective rider sales literature or visit Company website or consult your "Insurance Consultant" for more details and eligibility conditions.

For policies purchased from POS channel, riders would not be available.

➤ **Alteration of premium paying frequency & income payout frequency**

You will have the option to change the premium payment frequency or Income/ Guaranteed Maturity Benefit (GMB) frequency at any policy anniversary. You also have the option to change the income payout frequency any time before the commencement of the Income Period. This option once opted cannot be changed subsequently.

Premium Frequency	Wealth Creation variant	Income Payout Frequency			
		Yearly	Half-yearly	Quarterly	Monthly
Single/Yearly	1.0000	1.0000	0.4910	0.2430	0.0805
Half-yearly	0.9820	0.9820	0.4810	0.2380	0.0785
Quarterly	0.9720	0.9720	0.4740	0.2340	0.0775
Monthly	0.9660	0.9660	0.4710	0.2330	0.0765

The quarterly and monthly mode will be allowed only under auto-debit process (as per the approved RBI facilities)

➤ **Tax Benefits under the Plan**

As per applicable tax laws as amended from time to time. You are requested to consult your tax consultant and obtain independent advice for eligibility and before claiming any benefit under the policy.

➤ **Policy Loan**

Provided the policy has acquired surrender value, during the policy term, the policyholder will have the option to take policy loan, subject to a maximum limit of 50% of the surrender value available under the policy. Loan interest rate applicable for the loan will be as decided by the company from time-to-time. The rate of interest for loan is 10% p.a. compounding half-yearly. On death, maturity or surrender, the outstanding policy loan plus interest, as on the date of death/maturity/ surrender, will be deducted from the death/maturity/surrender value payable. Each Survival Benefit will be adjusted against any outstanding loan plus interest.

For other than in-force or fully paid-up Policy: If, at any time (during the policy term), the outstanding policy loan and interest exceeds the surrender value, then, the company will inform the policyholder for payment of interest-due and/or full/part repayment with the notice period of 30-days and, at the end of notice period, the policy will be foreclosed and any surrender value will be adjusted towards the outstanding loan plus interest. For an in-force or fully paid-up Policy: The Policy shall not be foreclosed on the ground of outstanding Policy loan amount including interest exceeds Surrender Value.

**Under Variant 6:** for an outstanding loan at maturity, the policy will be closed by paying the present value (PV) of the future income payouts and sum of all premiums paid as at maturity minus the outstanding policy loan and interest.

For an outstanding loan on death, the policy will be closed by paying the present value (PV) of regular income on death and sum of all premiums payable on death minus the outstanding policy loan and interest.

The interest rate to arrive at this present value will be benchmarked to the G-Sec based on the information from Financial Benchmark India Private Ltd (FBIL). The interest rate applicable for calculating the installments shall be equal [30-year G-Sec plus 1%]

The interest rate will be reviewed on an annual basis. Any change in bases used for determination of applicable interest rate will be subject to prior approval of IRDAI.

*Note: The loan interest rate will be benchmarked to the G-Sec based on the information from Financial Benchmark India Private Ltd (FBIL). It will be equal to [10-year G-Sec yield PLUS 2%] rounded-up to the next full interest rate. The loan interest rate will be reviewed on an annual basis. Any change in bases used for determination of applicable interest rate will be subject to prior approval of IRDAI.*
