 - If the Policyholder has switched to this Portfolio Strategy at any subsequent Policy Anniversary:
 - The Company will reallocate the Regular Premium Fund Value and Top Up Premium Fund Value among various Funds in the proportion mentioned in the table below depending on the outstanding years to maturity of the policy.
 - The Regular Premiums and Top Up Premiums, if any paid in that particular Policy Year will also be allocated in the same proportion.
 - On each Policy Anniversary, the Company will reallocate the Regular Premium Fund Value and Top Up Premium Fund Value among various Funds in the proportion based on the outstanding years to maturity of the policy.
 - All allocation & de-allocations of Units shall be based on the prevailing Unit Price/NAV.

 - The Regular Premium and Top Up Premium, if any, and Fund Value allocation/reallocation will be as follows:

c) Trigger Based Portfolio Strategy II

- The Policyholder can opt for this Portfolio Strategy at the commencement of the Policy
- Under this Portfolio Strategy, Regular Premium and Top up Premiums if any, (after any Premium Allocation Charge) will be allocated between two Funds, Equity Growth Fund II (an equity oriented fund), and Bond Fund (a debt oriented fund), in a 75%: 25% proportion.
- The Fund Value proportions may subsequently get altered due to market movements. On the pre-defined trigger event mentioned below, the Funds will be re-balanced or reallocated.
- The trigger event is a 15% upward or downward movement in Unit Price/NAV of Equity Growth Fund II or in the Unit Price/NAV of the Bond Fund, since the previous rebalancing or from the Unit Price/NAV at the inception of the Policy, whichever is later.
- On the occurrence of the trigger event of 15% upward movement w.r.t.:
 - The Equity Growth Fund II, any value of Units in Equity Growth Fund II which is in excess of three times the value of Units in Bond Fund is considered as gains and is switched to the Liquid Fund - by redemption of appropriate Units from Equity Growth Fund II.
 - The Bond Fund, any value of Units in Bond Fund which is in excess of three times the value of Units in Equity Growth Fund II is considered as gains and is switched to the Liquid Fund - by redemption of appropriate Units from Bond

Fund.

- This ensures that such gains are capitalized and protected from future equity market fluctuations, while maintaining the asset allocation between Equity Growth Fund II and Bond Fund at 75%:25%.
 - On the occurrence of the trigger event of 15% downward movement w.r.t. the Equity Growth Fund II or the Bond Fund, Units in the Liquid Fund, if any, will be switched to the Equity Growth Fund II and the Bond Fund such that, after transfer, the ratio of the value of Units in the Equity Growth Fund II to that in the Bond Fund is restored to 75%:25%, to the extent possible and subject to availability of Units in the Liquid Fund.
 - The Policyholder can switch out of this Portfolio Strategy at any Policy Anniversary by giving a written notice to the Company 30 days in advance.
- d) Auto Transfer Portfolio Strategy
- The Policyholder can opt for this Portfolio Strategy at the commencement of the Policy or can switch to this Portfolio Strategy at any subsequent Policy Anniversary by giving a written notice to the Company 30 days in advance.
 - Under this Portfolio Strategy, Regular Premium and the Top up Premium, if any, (after any Premium Allocation Charge) will be allocated in the Bond Fund and/or Liquid Fund, as decided by the Policyholder.
 - At the start of each monthly anniversary of the Policy, a proportion [as mentioned in the below table] of the Fund Value in the Bond Fund and/or Liquid Fund as on that date will be switched to the other Fund/s (available in the product) as specified by the Policyholder
 - The proportion to be switched will depend upon the number of outstanding months till the next premium due date. The proportion would be mentioned as below:

Outstanding no. of Months till the next premium due date	11	10	9	8	7	6	5	4	3	2	1
	Proportion of Fund Value	1/11	1/10	1/9	1/8	1/7	1/6	1/5	1/4	1/3	1/2

- This strategy will not be available if the Policyholder has opted for monthly mode Premium Payment Frequency.
 - The Policyholder can switch out of this Portfolio Strategy at any Policy Anniversary by giving a written notice to the Company 30 days in advance.
- e) Capital Preservation-Oriented Strategy
- This strategy can be opted only at the inception of the Policy. This strategy can be opted only if Policy Term is at least 10 years, and the minimum difference between the Policy Term and Premium Paying Term is at least 5 years.
 - The objective of the strategy is to optimise risk and return, by investing across five (5) pre-determined Funds, which are a mix of very high to low risk funds, in such a way that the monies invested over the years along with the accumulated returns are subjected to lesser market volatility, in the years closer to maturity. However, the strategy does not provide any minimum guaranteed maturity benefit.
 - Under this strategy, at the commencement of the Policy, the Regular Premium and the Top Up Premium, if any, would be allocated in the Funds mentioned (namely Equity Growth Fund II, Accelerator Mid-Cap Fund II, Pure Stock Fund II, Bond Fund & Liquid Fund) in the proportion as mentioned in the table below.
 - At each Policy Anniversary, the Company will reallocate the Fund Value among various Funds in the proportion based on the table below, depending on the outstanding years to maturity.

Section 45 of the Insurance Act, 1938, as amended from time to time – Policy shall not be called in question on the ground of mis-statement after three years

Provisions regarding Policy not being called into question in terms of section 45 of the Insurance Act, 1938, as amended by The Insurance Laws (Amendment) Act, 2015 dated 20.03.2015 are as follows:

1. No Policy of life insurance shall be called in question on any ground whatsoever after expiry of three (3) years from (a) the Policy Commencement Date or (b) the Date of Commencement of Risk or (c) the date of latest revival of the Policy or (d) the Date of Commencement of Rider; whichever is later.
2. On the ground of fraud, a Policy of life insurance may be called in question within three (3) years from (a) the Policy Commencement Date or (b) the Date of Commencement of Risk or (c) the date of latest revival of the Policy or (d) the Date of Commencement of Rider; whichever is later.
For this, the Company should communicate in writing to the Company or legal representative or Nominee or assignees of Policyholder, as applicable, mentioning the ground and materials on which such decision is based.
3. Fraud means any of the following acts committed by Life Assured or Policyholder or by his agent, with the intent to deceive the Company or to induce the Company to issue the life insurance Policy:
 - a. The suggestion, as a fact of that which is not true and which the Life Assured or Policyholder does not believe to be true;
 - b. The active concealment of a fact by the Life Assured or Policyholder having knowledge or belief of the fact;
 - c. Any other act fitted to deceive; and
 - d. Any such act or omission as the law specifically declares to be fraudulent.
4. Mere silence is not fraud unless, depending on circumstances of the case, it is the duty of the Life Assured or Policyholder or his agent keeping silence to speak or silence is in itself equivalent to speak.
5. No Insurer shall repudiate a life insurance Policy on the ground of Fraud, if the Life Assured or Policyholder / beneficiary can prove that the misstatement was true to the best of his knowledge and there was no deliberate intention to suppress the fact or that such mis-statement of or suppression of material fact are within the knowledge of the insurer. Onus of disproving is upon the Policyholder, if alive, or beneficiaries.
6. Life insurance Policy can be called in question within three (3) years on the ground that any statement of or suppression of a fact material to expectancy of life of the Life Assured or Policyholder was incorrectly made in the Proposal Form or other documents, basis which Policy was issued or revived or Rider issued. For this, the Company should communicate in writing to the Life Assured or Policyholder or legal representative or Nominee or assignees of Policyholder, as applicable, mentioning the ground and materials on which decision to repudiate the Policy of life insurance is based.
7. In case repudiation is on ground of mis-statement and not on fraud, the premium(s) collected on Policy till the date of repudiation shall be paid to the Policyholder or legal representative or Nominee or assignees of Policyholder, within a period of 90 days from the date of repudiation.
8. Fact shall not be considered material unless it has a direct bearing on the risk undertaken by the Company. The onus is on Company to show that if the Company had been aware of the said fact, no life insurance Policy would have been issued to the Policyholder.
9. The Company can call for proof of age at any time if he is entitled to do so and no Policy shall be deemed to be called in question merely because the terms of the Policy are adjusted on subsequent proof of age of Life Assured. So, this Section will not be applicable for questioning age or adjustment based on proof of age submitted subsequently.
