Bajaj Allianz Life
Goal Based Saving

The unit linked insurance products do not offer any liquidity during the first five years of the contract. The policyholder will not be able to withdraw the monies invested in unit linked insurance products completely or partially till the end of the fifth year

Bajaj Allianz Life Goal Based Saving

Life Goals are milestones that one works towards. These goals are built on the foundation of stable and robust financial foundations. No matter what the objective for accumulation of funds is, it is extremely essential to plan for achieving the same. A systematic discipline towards life's financial goal planning and securing these Life Goals with a life cover, is the only way out.

Bajaj Allianz Life Insurance Company Ltd. presents Bajaj Allianz Life Goal Based Saving, a Unit Linked Insurance Plan that offers you an opportunity to gain substantial benefits at an affordable cost to make every part of your hard earned money work towards the actualization of your financial goals.

Key Advantages

Bajaj Allianz Life Goal Based Saving is a non-participating, individual, regular, limited & single premium Unit-Linked endowment plan. The key advantages of Bajaj Allianz Life Goal Based Saving are as follows:

Return of mortality charges at maturity (ROMC) in case of Regular / Limited Premium policies

Choice of regular, limited and single premium payment option

Settlement Option with Return Enhancer

Choice of eight (8) funds

Option to make partial withdrawals from the funds

Option to pay top-up premium

Option to decrease sum assured in case of Single Premium policies

Option to change premium payment term

How does the Plan work?

In Bajaj Allianz Life Goal Based Saving, premium paid by you, is invested across the various applicable funds chosen. The units are allocated at the prevailing unit price of the fund. The mortality charge and policy administration charge are deducted monthly through cancellation of units. Fund management charge is adjusted in the unit price.

Benefits payable

Maturity Benefit

Under Bajaj Allianz Life Goal Based Saving, the maturity benefit will be the regular/single premium fund value plus top up premium fund value as on the maturity date, provided the policy is in-force.

Death Benefit

Under Regular / Limited Premium:

If all due premiums are paid, then, in case of unfortunate death of the life assured during the policy term, the death benefit payable will be:

- a. Higher of, Sum Assured or Regular Premium Fund Value
plus
- b. Higher of, Top up Sum Assured or Top up Premium Fund Value

If premiums have been discontinued during the first 5 policy years, the death benefit payable will be equal to the Discontinuance Value.
If premiums have been discontinued after the first 5 policy years and the policyholder have opted to convert the policy into paid-up with reduce paid-up sum assured, the death benefit payable will be:

- a) Higher of, Paid-up Sum Assured or Regular Premium Fund Value
plus
- b) Higher of, Top-up Sum Assured or Top-up Premium Fund Value

The above benefit is subject to the Guaranteed Death Benefit of 105% of the total premiums* paid, till the date of death.

*Total premiums paid shall be (Annualized premium * number of years for which premiums have been paid + Top up premiums paid, if any).

Under Single Premium:

If all due premiums are paid, then, in case of unfortunate death of the life assured during the policy term, the death benefit payable will be:

- c. Higher of, Sum Assured or Single Premium Fund Value
plus
- d. Higher of, Top up Sum Assured or Top up Premium Fund Value

The death benefit is subject to the Guaranteed Death Benefit of 105% of the total premiums* paid, till the date of death.

*Total premiums paid shall be (Single Premium paid + Top up premiums paid, if any).

All the above is paid as on date of receipt of intimation of death at the Company's office.

Note:

- ◆ If death of the life assured occurs before attaining age 60 years, then, the sum assured shall be reduced to the extent of the partial withdrawals made from the regular/single premium fund during the two year period immediately preceding the death of the life assured.
- ◆ If death of the life assured occurs on or after attaining age 60 years, then, the sum assured shall be reduced to the extent of the partial withdrawals made from the regular/single premium fund during the two year period before attaining age 60 and all the partial withdrawals made from the regular/single premium fund after attaining age 60.
- ◆ The policy will terminate on the date of intimation of death of the life assured.

Return of Mortality Charge (ROMC) - For Regular / Limited Premium Option Only

Under Regular / Limited Premium:

At the end of the policy term, on the maturity date, the total amount of mortality charges deducted in respect of life cover provided throughout the policy term, will be added back as ROMC, to the Regular Premium Fund Value and Top up Premium Fund Value, as applicable. ROMC is not applicable in case of a Surrendered, Discontinued or Paid-up policy and will be payable all due regular premiums under the policy have been paid up to date.

Note:

- 1) Amount of mortality charges will be allocated to the fund (s) in the same proportion of the Fund Value as on the maturity date.
- 2) ROMC will be excluding any extra mortality charge and Goods & Service Tax / any other applicable tax levied on the mortality charge deducted.

Under Single Premium:

No Return of Mortality Charge is available on Single Premium including any Top-up premium paid on the Single Premium policy

LIFE GOALS. **DONE.**

Claw-back Additions

Non-zero positive additions, if any, will be added to the regular premium fund value / single premium fund value in order to meet the maximum reduction in yield criteria [as stipulated in Sub-regulation 37 of IRDAI (Linked Insurance Products) Regulations, 2013] at the end of each policy year starting from the fifth policy year.

Surrender Benefit

You have the option to surrender your policy at any time.

- On surrender during the lock-in period of first five years of your policy, the regular premium fund value / single premium fund value, less the discontinuance/surrender charge plus the top up premium fund value, if any, as on the date of surrender, will be transferred to the discontinued life policy fund (maintained by the company), and life cover shall cease immediately. The option to revive the policy will not be available for such a surrendered policy. The discontinuance value as at the end of the lock-in period will be available to you as surrender value.
- On surrender after the lock-in period of first five years of your policy, the surrender value available will be regular premium Fund value / single premium fund value plus top up premium fund value, if any, as on the date of surrender, and will be payable immediately.
- The policy shall terminate upon payment of the surrender/discontinuance value by the company.

b. If premiums have been discontinued after the first 5 policy years

- i) A notice will be sent to you within 15 days after the expiry of the grace period. You will have to intimate the Company about exercising one of the following three options within 30 days of receipt of such notice:
 - 1) Option A: Revive the policy or, in writing, agree to revive the policy before the end of the revival period by paying all due premiums, subject to the revival conditions, OR
 - 2) Option B: In writing, intimate the Company to surrender the policy and receive the surrender benefit under the policy as on the date of receipt of such intimation OR
 - 3) Option C: In writing, intimate the Company to continue the policy as a Paid-up policy with reduced Paid-up Sum Assured, subject to deduction of all applicable charges. Return of mortality charge will not be allocated once the policy is converted to a paid-up policy.
- ii) Till the expiry of the notice period or the revival period or receipt of intimation of surrender request as per Option B above or receipt of intimation to convert as paid up policy as per Option C above, whichever is earlier, the policy shall be treated as an in-force policy with all the benefits as per the terms and conditions of the policy, by deduction of all applicable charges under the policy.
- iii) If you intimate to surrender your policy as per Option B above, then the surrender benefit under your policy as on date of receipt of such intimation, will be paid immediately.
- iv) If the company does not receive any intimation before the Date of Discontinuance; then, on the Date of Discontinuance, the Policy will be terminated and the Surrender Benefit shall be paid immediately.
- v) If you have chosen Option A, then, during the revival period, your policy will be treated as an in-force policy with all available risk covers, by deduction of all applicable charges under the policy. At the end of the revival period, if the policy has not been revived, the surrender benefit under the policy as at the end of the revival period will be paid immediately.

In case of premium discontinuance, on death of the life assured, the Discontinuance Value as on the date of intimation of death, shall be paid as benefit and the policy will terminate.

Revival

A discontinued policy can only be revived subject to following conditions:

- ◆ The company receives the request for revival by you within two (2) years from the date of discontinuance of the policy provided the policy is not terminated already.
- ◆ Such information and documentation as may be requested by the company is submitted by you at his/her own expense.
- ◆ The policy may be revived on the original policy terms & conditions, revised terms & conditions or disallowed revival, based on board approved underwriting policy.
- ◆ On revival of the discontinued policy,
 1. All the due but unpaid premiums will be collected without charging any interest or fee.
 2. If the policy is a discontinued policy, the discontinuance value of the policy together with the amount of discontinuance charge (without any interest) as deducted by the company on the date of discontinuance of the policy, shall be restored to the chosen fund(s) in the same proportion as it existed on the date of discontinuance, at their prevailing unit price.
 3. The policy administration charge, as applicable during the discontinuance period shall be deducted from regular/ limited premiums paid or from the fund at the time of revival.
 4. The policy will be revived restoring the risk cover, Guaranteed Death Benefit & Return of Mortality Charge.

Computation of Unit Price

The Unit Price of the fund shall be computed as the market value of the existing investment held in the fund plus value of current assets less value of current liabilities and provisions, if any, divided by the number of units existing on the valuation date. This calculation will be done before creation/redemption of units.

Force Ma'jeure

- a. The Company will value the funds on each day that the financial markets are open. However, the Company may value the funds less frequently in extreme circumstances external to the Company, where the value of the assets is too uncertain. In such circumstances, the Company may defer the valuation of assets for up to 30 days until the Company feels that certainty as to the value of assets has been resumed. The deferment of the valuation of assets will be with prior approval with the IRDAI.
- b. The Company will make investments as per the investment mandates given above. However, the Company reserves the right to change the exposure of the fund to money market instruments to 100% only in extreme situations external to the Company, keeping in view market conditions, political situations, economic situations, war/ war-like situations, terror situations. Discontinued Life Policy Fund: Risk Profile – Low

SFIN: ULIF07026/03/13DISCONLIFE116

On the date of discontinuance/surrender of the policy before the lock-in period of 5 policy years, the Fund Value less the discontinuance/ surrender charge as on the date of discontinuance/ surrender of the policy shall be moved to the Discontinued Life Policy Fund. The portfolio allocation of the fund is as given below.

Portfolio Allocation:

Money market instruments	0% to 40%
Government securities	60%- 100%

j. Discontinuance Value:

1. The Discontinuance Value of the policy will be higher of:
 - a) The Regular Premium Fund Value / Single Premium Fund Value, less the discontinuance/surrender charge along with the Top up Premium Fund Value, as on date of discontinuance/surrender accumulated at the rate of return earned on the Discontinued Life Policy Fund net of fund management charge (FMC) or

LIFE GOALS. DONE.

- b) The Regular Premium Fund Value / Single Premium Fund Value, less the discontinuance/surrender charge along with Top up Premium Fund Value, as on date of discontinuance/surrender accumulated at the guaranteed rates of investment return net of fund management charge (FMC). The guaranteed rate of investment return is 4% p.a.
2. Unless death of the life assured has happened earlier, the Discontinuance Value shall be payable to the policyholder after the lock-in period of 5 policy years or at the end of revival period, as the case may be, however on death of life assured during the period of Discontinuance, the Discontinuance Value as on the date of intimation of death at the Company's office shall be payable
 3. The current cap on Fund Management Charge on the Discontinued Life Policy Fund is 0.50% per annum, as per the "IRDA (Linked Insurance Products) Regulation, 2013".
 4. The FMC and the guaranteed rate of investment return as mentioned above, for the calculation of the discontinuance value may change from time to time as per the IRDAI guidelines.
- k. **Valuation Date:** We aim to value the funds on each day the financial markets are open. However, we may value the funds less frequently in extreme circumstances, where the values of assets are too uncertain. In such circumstances, we may defer the valuation of assets for up to 30 days until we feel that certainty as to the value of assets is resumed. The deferment of valuation of assets will be with prior consultation with the IRDAI.
